STUDENT USE OF VEHICLES DURING THE SCHOOL DAY

High school students may be allowed to use automobiles and other motorized vehicles for transportation to and from school.

All vehicles so used will be properly parked in the school parking lot and may not be moved or entered during school hours, prior to dismissal of the student, without the permission of the principal.

Students who do not observe the school rules regarding use of vehicles or who do not operate them on school property in a safe and prudent manner, may lose their privilege to bring their vehicle to school.

No vehicle may be used to transport any other student(s) other than the owner (operator) during the school day without permission from the principal.
